

Certificate of Compliance of Submitted Data for FEMA-funded Flood Risk Projects			
Project Name		2019 RPS Region 6 South Laguna Madre, TX 2D BLE and LAMP	
Statement of Work No.:		HSFE60-15-D-0003	
Interagency Agreement No.:		N/A	
Cooperating Technical Partners (CTP) Agreement No.:		N/A	
Mapping Activity Statement (MAS) No.:		N/A	
Statement/Agreement Date:		9/1/2019	
Certification Date:		10/12/2021	
Tasks/Activities Covered by This Certification (Put an "X" in the box to the left of each item that applies. Add items as needed.)			
	Base Map		Alluvial Fan Analysis
	Survey		Coastal Analysis
X	Hydrologic Analysis		Floodplain Mapping
X	Hydraulic Analysis		Produce Preliminary Maps
	Levee Analysis		Develop Flood Insurance Rate Map (FIRM) Database
			Flood Risk Assessment
Exceptions Approved on this Project			
Standard ID	Date Approved	Approver	Reason

FEMA Standards for Flood Risk Analysis and Mapping

Certification

I certify that the work summarized above was completed in accordance with the statement/agreement cited above and all amendments thereto. The work complies with direction received from the Regional Project Officer and/or Assistance Officer or their representative and the applicable Standards for Flood Risk Analysis and Mapping except for the standards exceptions documented above. All the exceptions were approved by the appropriate program official, logged in the exception tracker, and documented fully in the project documentation.

I also certify that the work summarized above was completed in accordance with sound and accepted engineering practices within the contract provisions for respective phases of the work, and that data files submitted for the work summarized above are complete and final. Any revisions made to the already submitted data have been submitted in accordance with the Data Capture Technical Reference and associated guidance. The content of the files submitted is sufficient for subsequent users with appropriate professional expertise to be able to understand the scientific and technical basis of the analysis and reproduce the findings.
